34. Warsaw Music Encounters with the audience and on-line 5, 7-9 August 2020

The 34th Warsaw Music Encounters had to be canceled this spring and we did not know for a long time when, if at all, the festival could be held this year. Thanks to the kindness of the PROM Kultury Saska Kępa and Służewski Dom Kultury, we will hear four unique chamber concerts. They will all be broadcast over the internet, but we also invite the audience to come. **To watch the broadcast live, on the day of the concert at 7 PM, please click on the appropriate link below.** The same links can be found with the description of individual concerts in the tab with the exact program of the festival.
